Dear Parents

“Your children may forget what you said but they will never forget how you made them feel.” – Carol Buchner

Let me congratulate you on your ward's glorious accomplishments in the year 2018-19. As a parent you are your child's first and foremost teacher. It is commendable that you have fulfilled your responsibilities with courage and perseverance. When parents and families are involved in their children's schools, the children do better and have better feelings about going to school. There is no denying your personal involvement in your child's education and the school activities has played a great role in his/her success. Further, you would be glad to know that the school has introduced a new Webapp '**PARENTS/TEACHERS e-Care SOFTWARE**' where you can stay connected with your ward's teachers and collect personalized information like home work, attendance, performance in class etc. We are also introducing several new special learning enhancement programmes for the holistic development of the students, a brief glimpse into which is given below. We are sure you will keep on adding spark into your child's enthusiasm to participate in these and several other activities to be held.

LEARNING ENHANCEMENT PROGRAMMES FOR THE STUDENTS

- NTSE (National Talent Search Examination)
- OLYMPIADS
- ROBOTICS
- CALLIGRAPHY

- Games being offered: Cricket, Basketball, Hockey, Table Tennis, Football

Further, the school requests you to check the School Almanac on a regular basis for any instructions/ notes given by the class/subject teachers. Go through the school policies regarding Attendance, Regularity, Punctuality, Promotion Policy, School Discipline and other necessary details mentioned in it. Encourage your ward to excel in academics and participate in out-door games, Co-scholastic activities and Inter/Intra School competitions.

Dear Students!

“It is fine to celebrate success but it is more important to heed the lessons of failure.” - Bill Gates

The aforementioned advice of Microsoft CEO suits appropriately to this moment as I congratulate all the high achievers for their accomplishments and simultaneously balm the aching hearts of those who could not fare well. To them I say, don't wallow in failure. Instead, learn from it. Remember, success is not final and failure is not fatal. It is the courage to continue that matters. Rejoice in your triumph yet maintain the balance of head & heart in order to repeat your marvelous performance and beat your own records.

Horizons of your knowledge will keep on expanding day after day, year after year. Be glad and thankful for the opportunities you will receive at School. And I promise you that there would be plenty – to read new stories & poems, to unravel new mysteries of science & history, to learn new skills, to face new challenges and showcase your talents. The unconditional support of your parents and teachers is always by your side as a blessing. They will provide all the help you need but the real stride is to be taken by YOU only. So, with all my best wishes, get ready to set new goals for yourself and strive sincerely for meeting your aim.
