**“Education is the passport to the future, for tomorrow belongs to those who prepare for it today.”**

Dear parents

Greetings from the team BCM!

Congratulations on your wards' successful promotion to the next class. It is really commendable that despite unfavourable circumstances due to global pandemic, the students of Classes I-IX and XI worked so hard and emerged as winners with their own dedication, perseverance and assistance of teachers. Your contribution is also praise worthy without which your wards might not have excelled this brilliant. The school extends the sincerest gratitude towards all the magnificent parents and seeks their cooperation as ever before.

Now, as we are standing at the threshold of the new academic year 2021-2022, we are again anxiously concerned about providing the best education to our students. If the State Government permits, the students shall be called for offline classes. The school ensures that all the teaching and non-teaching staff gets vaccinated before the students are called to class rooms. Till then, online classes shall continue as per timetable and schedule given by the class teachers.

The new session has begun w.e.f. 1 April 2021 and the school has started a 'Bridge Course' for one week in April. Through this 'Bridge Course' the teachers aim that before combating with the syllabi of the next class, the basic and essential concepts of the previous class' syllabus are well understood by the students.

Furthermore, the students who have to take any pending exam/practical, they will be called to school following the detailed SOP issued by HRD, CBSE and State Education Department.

The lists of books and information regarding school uniform have been uploaded on the school website for your reference.

Dear Students

Blessings!

**“Learning is like rowing upstream: not to advance is to drop back.”**

Always remember the importance of education in your life. Education is as important for a child as wings are for a bird. Hence, keep yourself dedicated towards study. You all, by and large, have been engaged attentively in online classes and as a result reaped an affluent harvest of good marks. I would advise you to sustain the same level of attention and sincerity. Be regular in Classes – whether online or offline. Even when you are attending class from the comfort of your home, make sure you rise before the sun rises. Take your bath, exercise, pray and thus first cleaning your body and mind then join the class dressed appropriately in the school uniform. Break the chains of complacency and be alert and agile. And when the school opens for actual classes, be watchful of following the essential Covid protocol.
